

December 2009 Newsletter

AppliTek

We're pleased to introduce to our range of offerings AppliTek on-line analytical monitoring systems for process and environmental requirements. We welcome the opportunity to evaluate your application requirements.

Included in the AppliTek range are analysers for environmental compliance:

Ra-BOD® - Biological Oxygen Demand

AppliTOC® - Total Organic Carbon

AppliCOD® - Chemical Oxygen Demand

TONI® - Total Nitrogen

TOPHO® - Total Phosphorous

NIPHO® - Combination Total Nitrogen & Total Phosphorous

END OF 2009 - DECEMBER SPECIALS

POCKET WATERPROOF METERS

Model pH56
pH & Temp
-2.00 to 16.00 pH
-5.0 to 60.0°C

Model pH58
pH, ORP & Temp
-2.00 to 16.00 pH
+/- 1000mV
-5.0 to 60.0°C

Each meter is supplied with protective cap, pH 4.01 and 7.01 buffer solution, hard carry case, batteries and instructions.

pH56 \$120.00 +GST
pH58 \$220.00 +GST

PORTABLE PHOTOMETERS

Model MI405
Ammonia
0.00 to 9.99 mg/l
NH₃-N

Model MI411
Free & Total
Chlorine & pH
0.00 to 5.00 mg/l
6.5 to 8.0 pH

Each meter is supplied with 2 cuvetts, liquid reagents for 100 tests, hard carry case, wiping tissue, 9V battery and instructions

MI405 \$350.00 +GST
MI411 \$390.00 +GST

ON-LINE SALINITY MONITORING

Model HET63
Transmitter
IP66 rating
0 to 41.00ppt
Salinity
4-20mA output
15 - 30V AC or DC
at 200mA power
supply

Model ECS22T
Sensor
Dips assembly
1200 mm length
5 meter cable

HET63 & ECS22T
\$1590.00 +GST

On a final note for 2009, thank you to everyone for your support of Royce Water Technologies. We remain committed to providing you with the best possible innovative solutions and service in our market. Our best wishes to you and your families for the coming festive season and we look forward to catching up soon.
